

Tropical Roots Maui

INFUSED GUMMIES — BATCH LABEL

Batch Information

Date Prepared

Best By

Strain / Flavor

Total Oil in Batch

tsp

Total Pieces Yielded

Est. Dose per Piece

mg

Infusion Method

Keep clearly labeled — Store away from children and pets!

How to Calculate Your Dose per Piece

Step 1 Total potency: (Total tsp of oil) x (mg per tsp of your oil)

Example: 2 tsp x 10 mg/tsp = 20 mg total

Step 2 Per piece: (Total mg) / (Number of pieces)

Example: 20 mg / 20 pieces = 1 mg per gummy

Storage & Safety Tips

- > Start with one piece and wait 60-90 minutes before considering another.
- > Store in an airtight container in the fridge or freezer.
- > Use a green rubber band on the container as a universal "infused" signal.
